### **HOLY ISLAND CAUSEWAY to LINDISFARNE**

#### **Causeway Crossing, approximately 3miles**

The walk across the sandy/silty causeway is a magical and spiritual experience. The tide times must be checked prior to using this crossing – there are boards at the start of the crossing displaying the tide times and safe times to cross.

#### **Lindisfarne Castle and Walled Garden**

The 16<sup>th</sup> century castle is built on a high shoreline rock, its distinct and breathtaking features can be seen for miles. It was bought in 1901 by Edward Hudson who commissioned Sir Edwin Lutyens to convert it into a residence for him. The walled garden a short distance from the castle was designed by Gertrude Jekyll in 1911. The castle and garden are now managed by the National Trust.

#### **Lindisfarne Priory**

In beautiful surroundings and managed by English Heritage, the ruins of the Priory on Lindisfarne date from the early 12<sup>th</sup> century when Norman monks from Durham cathedral founded a new community there. St Cuthbert and the Lindisfarne Gospels are linked with the Priory.

There is much to explore in this very special place – a fitting ending to the Forth to Farne Way.
